Do you have any specific recommendations for improving this course?

4 responses

N/A

Encourage more interaction amongst the students especially for tutorials. If working alone doesn't help the student, let them work in groups so maybe their peers can help them to understand.

More coding less theory

Providing Lecture Slides on the day/right before we begin a new topic.

What are one to three specific things about the course that could be improved to better support student learning?

4 responses

1. Incorporate real life applications of what is taught
2. Explore other ways to present the lectures

the only thing that was needed was interaction amongst students which has been slightly improved.

i like how it is

N/A

What parts of the class were obstacles to your learning?

4 responses

The delivery of the lectures

poor video quality when learning from online

none

N/A

What are one to three specific things about the instructor that could be improved to better support student learning?

4 responses

1. Be more enthusiastic in the classroom and not monotonous

the instructor teaches okay. there really isn't much to improve on.

ion got none
